Cimulus Signs Agreement with Superior Motor Freight, Inc.

Ann Arbor, MI -- July 28, 2005 -- Cimulus, Inc., has signed an IT services agreement with Superior Motor Freight, Inc., a provider of scheduled and on-demand motor freight services. This agreement will allow Cimulus to provide a range of custom technical and training services, focusing around an internal effort by SMF to upgrade the company's custom business management systems.

About Cimulus

Based in Ann Arbor, Michigan, Cimulus provides on-demand programming and IT services, focusing on business applications for efficiency and accuracy. Specializing in fast, high-quality programming for Windows and the Internet, Cimulus also provides custom training and consulting for a variety of platforms and technologies, including legacy applications.

About Superior Motor Freight, Inc.

Managing its own fleet of trucks and employee drivers, supplemented with contract trucks and owner/operators, SMF provides specialized motor freight services to its clients from its headquarters in Plymouth, Michigan. SMF provides for regular, scheduled shipments as well as on-demand, call-in services, primarily for the automotive market in the Midwest.
